present, this is dependent on the future of Ministry of Defence Land elsewhere.

j. Burton-on-the-Wolds Playing Field, proposed transfer of ownership from the Playing Field Association to the Parish Council.

A letter received from Mr.J.Clark, secretary of the National Association of Local Councils, gave his views

La
ref 2/19

on the proposed transfer of ownership of the Playing Field to the Parish Council.

Mr.Clark stated that no good purpose would be served in the Playing Field being vested in the Parish Council, as the Council could not own the field in its own right, it could only own it as a Custodian Trustee for the Charity in the same way as the Official Custodian now holds the land.

Mr.Clark confirmed that the Parish Council could continue to support the Playing Field Association financially, this being a charge upon the rates. The Parish representation on the Playing Field Association could be increased, thereby gaining more influence in the control of the running of the Charity, and in particular the way its funds are applied.

Finally Mr.Clark stated that there was one alternative which could be considered, and that is for the Charity to be wound up, and with the consent of the Charity Commissioners, the land be conveyed to the Parish Council upon the same trust to run it under its statutory powers.

In order to consider whether this is legally possible, Mr.Clark would have to see a copy of the conveyance and declaration of trust dated 21st.December, 1970. It was agreed to proceed with the investigations into the proposed transfer of ownership as outlined by Mr.Clark, and to forward a copy of his letter to the Playing Field Association.

Main Sewer Scheme, Barrow Road, Burton-on-the-Wolds.

The value of site 2 which is the piece of land adjoining the Burton Playing Field was given as £1250. It was agreed that this was a fair price,

 12/2/78

and that Mr.Longden should be re-affirmed of the Parish Council's decision to purchase the land.

The Parish Council felt however, there was need for further discussion before the purchase was made, and a meeting with Mr.Longden would be desirable.

Mr.Scarlett offered to arrange a meeting with Mr.Longden at which Mr.Scarlett, Mr.Betts, Mr.Eggleston and the Clerk would attend. This was agreed upon by the meeting.

Report. The Chairman reported on the various items upon which
the Parish Council had been actively engaged during the
past year.
Gypsum Mining.
Speaking on the proposed Gypsum Mining in the area, the
Chairman reported that the application by British Gypsum
to build a plasterboard plant at Barrow-upon-Soar, and
to mine gypsum in the district had been turned down by
the County Council, and British Gypsum were now making
an appeal to the Minister of State for a Public Enquiry.
The Parish Council's concern was for the strict control
of the increased heavy lorry traffic, and that the
mining operations should be as unobtrusive as possible.
- County Transportation Plan.
Reporting on the County Transportation Plan the Chairman
said that regrettably the proposed By-pass for Cotes has
now been removed from the County Highways programme,
although there was still a possibility of a By-pass for
Wymeswold.
- Wolds Plan.
Speaking on the Wolds Plan for Burton, the Chairman said

A.M.E.

that since the initial public meeting at which concern was expressed about the proposal to increase the number of houses in the village, the plan has been amended. The proposals for new housing development is now restricted to the South side of the B676 in the Souters Lane area. The various enhancements proposed for the village are now in hand.

Ministry of Defence, Barrow Road,

The piece of land which links the Burton Playing Field with the village school playing field is now surplus to Ministry of Defence requirements, and is available for purchase. The Parish Council considered that the purchase of this land would be a useful addition to the Playing Field. Negotiations for the purchase are in process at the present time.

Coal mining, Vale of Belvoir.

The Parish Council had considered the implications likely to arise through the proposed coal-mining in the Vale of Belvoir. Again the greatest concern was the heavy lorry traffic which was likely to use the B676 through the village, particularly in the initial stages of the development of surface buildings at the three pitheads.

Wymeswold Airfield.

The parish Council has always supported the view that the Airfield should be returned to full agricultural use if at all possible. Recently Hunting Plastics Ltd. have applied for planning permission to rebuild on the existing site of the Ex R.A.F. buildings which they occupy at the present time. This has been refused by the Borough of Charnwood, who have suggested that the re-building should be on a site adjacent to the Wymeswold Lane, thus leaving the present more exposed site to be cleared. This has been endorsed by the Parish Council. Hunting Plastics Ltd. are appealing against the refusal, and a Hearing has been arranged for Tuesday, 12th. June, 1979.

Local Bus Fares.

Burton Parish Council together with the neighbouring Councils of Hoton and Wymeswold were ably represented at a Public Hearing held in Nottingham by Mr. J. Clark, Barrister and Secretary of the National Association

A.M.E.

of Local Councils. Unfortunately the efforts of Mr. Clark were unable to prevent a further increase in Bus Fares.

Rates Precept.

Reporting on the finances of the Parish Council, the Chairman stated that the present Parish Precept was adequate for the Capital and Revenue needs for the coming year, and the Council had again precepted for £2000 which represented approximately a 1.5P. rate.

This will enable the Council to meet its known commitments, and also to have a balance sufficient to meet requests for grants which the Council receives from time to time from the various village organisations.

Rights of Way Review, Field Footpaths.

During the past year the Parish Council has been engaged in the Rights of Way Review with the co-operation of the Wolds Footpath Group.

The Chairman thanked the Group for the help they gave to the Council in carrying out a detailed survey of the footpaths in the Parish.

In conclusion, the Chairman thanked County Councillor E. Lodge, and District Councillor B. Scarlett for the service they had both given to the Parish during the past year. The Chairman also expressed his thanks to the members of the Parish Council for their support, and to the Clerk for his services to the Council.

Report by
Councillor
B. Scarlett.

In addition to confirming the report given by the Chairman concerning the Wolds Plan, and the Public Inquiry for the Hunting Plastics Ltd. Appeal, Councillor Scarlett reported on the extension of the Leisure Centre at Loughborough, and the link road connecting the Ashby Road and Forest Road. Councillor Scarlett also reported on the extensive survey being carried out by the Severn-Trent Water Authority in the Soar valley in order to decrease the flooding problems in this area.

Replying to a question concerning a weight restriction for heavy vehicles on the B676, Councillor Scarlett said that this is being considered in conjunction with a By-pass for Wymeswold.

Reporting on behalf of County Councillor E. Lodge, Councillor Scarlett informed the meeting that the Health Centre at Barrow-upon-Soar is now being built, and the Hearing by the Minister of State for the proposed Gypsum Mining has been fixed.

This concluded the report of Councillors B. Scarlett and

A.M.E.

the Chairman made the meeting open for questions and comments.

Prior to the meeting plans had been obtained for Application No.79/2290/2, and after examination there were no objections raised to this Application.

Plans had also been received for Planning Application No.79/2723/2, and objections to this proposed development were made on the following grounds :-

1. The development is not in keeping with the revised North Wolds Plan.
2. The additional dwellings would create more vehicles having to gain access to the B676 at the dangerous junction in the village square.
3. The proposed dwellings would be sited on rising ground overlooking existing property.
4. The proposed development cannot be considered as infilling.
5. This development if allowed would create precedent for further development nearby.
6. An Appeal for a previous development in this area was turned down by the Minister.

With regard to Planning Application No.79/2452/2, Mr.Scarlett agreed to investigate this.

Police Patrols, Rural Areas.

Reporting on a meeting of the Charnwood Committee of the Association of Parish Councils, Mr. Sleath asked for the views of the Council of the method of policing the villages.
